Explanation of Vote On Draft Resolution L.30
by Delegation of the Islamic Republic of Iran

In the Name of God, the Compassionate, the Merciful

My delegation will not participate in taking action by the Committee on draft resolution L.30 entitled: “Strengthening of security and cooperation in the Mediterranean region”. Given the continued crisis in the occupied territories of Palestine and the imposition by Israeli regime of the severest blockade, including from the Mediterranean part, on the people of Gaza, this draft resolution has not factually reflected the situation in the occupied territory and therefore is far from the reality in the region.
