The Cluster 1 (Nuclear Disarmament and Security Assurances)

Chairperson

It is a privilege to speak about a group of initiatives that aim to reduce tension and increase transparency. And as a representative of the Kuwaiti delegation, I want to emphasize the importance of addressing the issue of nuclear disarmament and security assurances. The Cluster 1 is dedicated to promoting the implementation of international law and agreements in this field. It is a significant achievement that the nuclear weapons states have signed and ratified the Non-Proliferation Treaty (NPT). TheCluster 1 provides an opportunity to discuss the challenges and opportunities of implementing the NPT and other relevant agreements. It is crucial to quantify the progress made and to identify the next steps. We must ensure that nuclear disarmament is viewed not as a luxury but as a necessity. In this regard, the Cluster 1 plays a crucial role by facilitating dialogue and cooperation among the members.

Ultimately, the Cluster 1 aims to bring the international community closer to a world free of nuclear weapons. This goal is not only achievable but also necessary for the sake of the future generations. As we move forward, it is essential to remain committed to this path and to work tirelessly to achieve it.
